Dear Mr. Rosenthal:

I am writing further to your request on behalf of your client, the Green Party of Canada, that amendments be made to *The Election Act, 1996* in Saskatchewan regarding the candidate deposit provisions. In particular you have asked my officials in your January 20, 2013 email when this government will consider your request that such amendments be made to *The Election Act, 1996*.

It is anticipated that the report of the Chief Electoral Officer on the last provincial general election will be tabled in the Legislative Assembly this spring. Traditionally in this submission, the Chief Electoral Officer makes recommendations for a series of possible amendments. Following receipt of the report the government will review what, if any, changes will be made to update *The Election Act, 1996* in the following fall session of the Legislative Assembly. It is within this timeframe that your request would be considered.

I trust this provides you with the information your client has requested.

Yours sincerely,
